

STUDENTS FIRST CAMPAIGN

DEAR JSIS COMMUNITY,

You and your child(ren) are part of a vibrant community of global learners focused on providing the most holistic dual-language immersion education possible. To provide this truly excellent education John Stanford International School (JSIS) requires some extra resources, above and beyond what the State of Washington and Seattle Public Schools allocate to public elementary schools. **Each year for over 20 years, our community steps up and puts our *Students First* so we can continue our long tradition of exceptional global learning.**

The annual *Students First Campaign (SFC)* ensures that the JSIS team is set up for success each academic year. We have extremely committed and talented students, teachers, staff, and families who share a vision of preparing our learners to live, work, and thrive in a diverse and inclusive multicultural world. Today, we ask you to please consider a gift to the Students First Campaign.

To fund next year's staffing plan, we need an average contribution of **\$1,000 per student**. We acknowledge that this is a big ask and gifts of all sizes make a difference. There are many ways to support the campaign - consider using your [employer matching gift program](#) to maximize your giving potential and support other students as well.

Please put *Students First* and donate today! There is no greater cause than the education of our children. We hope you will give generously to the heart of our school community - our students!

In community,

Students First Campaign Team and JSIS PTSA

WHAT YOUR DONATION FUNDS?

INSTRUCTIONAL ASSISTANTS (IAs) AND INTERNS

Low student-to-teacher ratio. We do this by fully funding secondary instructors who work across our immersion classrooms, as well as interns from Japan, Latin America, and Spain. **The goal for the 2022-23 school year is to have one intern in each JSIS classroom.**

SOCIO-EMOTIONAL LEARNING AND SUPPORT STAFF

Our onsite school counselor works in each classroom to help JSIS students develop resilience, community building and emotional regulation.

BI LITERACY CURRICULUM DEVELOPMENT

Exciting dual-language curriculum built by our talented staff. This curriculum building work is not funded by the Seattle Public Schools district and is a vital part of the JSIS classroom experience.
